

ACC Prospect Tracker - MVP & Functional Specification v2

1. Objective

- Mobile friendly web application for Officer and Coordinator to manage prospect pipeline.

2. User Roles

- Coordinator: login, manage officers (name + 4 digit PIN), monitor all data.
- Officer: login using dropdown name and 4 digit PIN.

3. Officer Dashboard

- Cards: Prospek, Aplikasi IN, Aplikasi Valid, To Call, Blasting.
- Button Input Prospek.
- Empty state when no prospect exists.
- Responsive card/table list.

4. Input Prospek

- Pengajuan (Top Up/Non Top Up)
- Nama
- Alamat
- Status
- Progress
- Call
- Blasting
- Note

5. Prospect Pipeline

- Prospek -> Aplikasi IN -> Aplikasi Valid.
- Prospect list contains action button 'Jadikan IN'.

6. Aplikasi IN

- Segment (Bronze, Flexi, Gold, Platinum, Solitaire)
- Nama
- No Reg (7 digit)
- Date IN
- Status (On Progress, RE, NB, OV, DP OP)
- Keterangan
- Button Lengkapi Data

- If Status becomes OV, system automatically moves record to Aplikasi Valid.

7. Aplikasi Valid

- Record moved automatically from Aplikasi IN.
- Button Input Date Valid.
- Store Date Valid.

8. Coordinator Features

- Manage officers
- View all pipeline statistics
- View officer performance
- Filter and search data

9. Recommended Database
